WARRANTY GUIDELINES

For warranties to go into effect, The Miami Corporation requires a sample of the product in question and must be given the right to inspect the product. Claims requesting the reimbursement of labor costs must include a detailed summary of those costs. Damage resulting from the following is not covered under warranty:

- Improper installation or cleaning;
- Excessive staining due to gear lubricant, ink, lipstick, motor oil, iodine, betadine, tomato-based sauces, or sun lotion;
- Discoloration due to the presence of amines in adjoining foam or adhesives;
- Pink staining due to existing or replacement foam not being anti-microbial will void the warranty;
- Normal wear and tear

Warranties apply to the top side of the product and do not apply to other items that may be present in an installation (e.g. foam, sewing thread, plywood, etc.). The warranty period begins from the date an original equipment manufacturer installed the product, or the date the product was sold to an aftermarket manufacturer. The Miami Corporation may, in its discretion, recommend remedial methods, such as professional cleaning or repair to be done at the customer's expense, in lieu of replacing the product. To get warranty service, please contact the dealer or retailer from whom the product was purchased. The end user will contact the manufacturer of the item purchased, and the manufacturer in turn will contact The Miami Corporation.
